

All Summer Classics fabrics are designed specifically for outdoor use and are naturally resistant to stains and fading. Prior to cleaning, we strongly recommend contacting the fabric manufacturer for specific cleaning instructions. Many household cleaning agents are harmful to the color and life of a fabric, and cleaning instructions can vary depending on the nature of the stain. In the catalog and pricelist, the fabric manufacturer is listed after the fabric number and grade.

COLORES™

Exclusive Fabric Collection

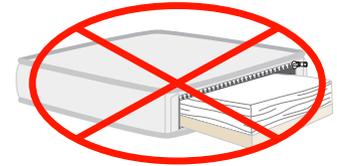

Any Fabric sold by Summer Classics is to be **“SPOT CLEANED ONLY”** Fabrics are not suited to machine washing, machine drying, or dry cleaning.

TO CLEAN: For standard maintenance, we recommend cleaning SC Fabrics with water-based cleaning agents or water-based foam to remove overall soil.

FOR REGULAR CLEANING: Frequently vacuum or lightly brush to remove dust and grime.

✓ PLEASE NOTE

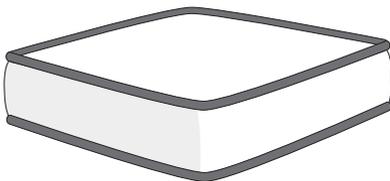

Zippers are included for cosmetic purposes and added drainage only. **DO NOT REMOVE THE FOAM CORES** due to the tight fit and the difficulty with repositioning them when reinserted.

PIPING/WELTED CUSHIONS

All Cushions are now available with Matching (Self) Piping & Contrast Piping. Please refer to the current pricelist for ordering information and details.

Standard Cushion with Self Welt
Cushion SKU# + Fabric# + W+Fabric#

Dream cushion with Self Welt:
Dream SKU# + Fabric# + W+Fabric#

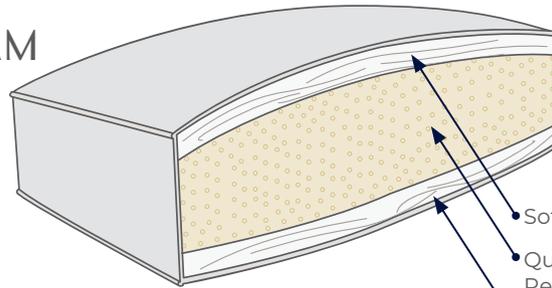

SPECIAL CUSHION TREATMENTS

PILLOWS + CUSHIONS

RETICULATED FOAM CUSHIONS

Most of our cushions are offered in a reticulated foam core option. The reticulated foam allows for easier water drainage, reducing drying time. The reticulated foam core has a density rating of 1.8 and an indentation load deflection of 30. This combination allows for a very comfortable sit.

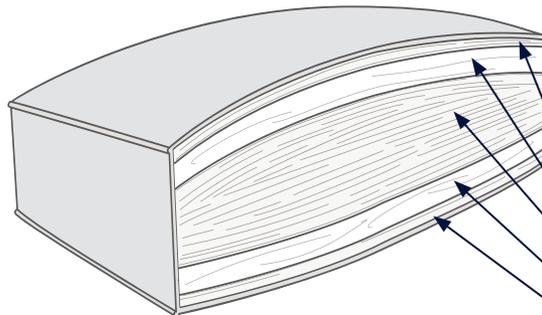

- Soft Polyester Batting
- Quick Dry Reticulated Foam
- Layered Polyester Fiber

STANDARD PLUS CUSHIONS

Our Standard Plus Cushions are better than the rest. We took an innovative approach by using a densified fiber technology. So, what sets these cushions apart from others in the industry? The Standard Plus Cushion is no longer reliant on foam. Instead, it uses a combination of densified polyester fiber and soft polyester fiber which creates a supremely dynamic design and sit.

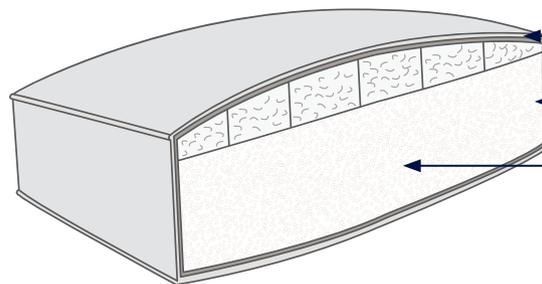

- Densified Polyester Fiber
- Soft Polyester Batting
- Densified Polyester Fiber
- Soft Polyester Batting
- Densified Polyester Fiber

DREAM CUSHIONS

Dream Cushion™ by Summer Classics offers 1.8 density high resilient and California Fire Rated Foam for maximum comfort. Our woven, water-resistant jacket features a “pillow top” of blown-fiber channels providing the utmost quality and softness. Soft, durable, and water-resistant, this is truly the perfect cushion.

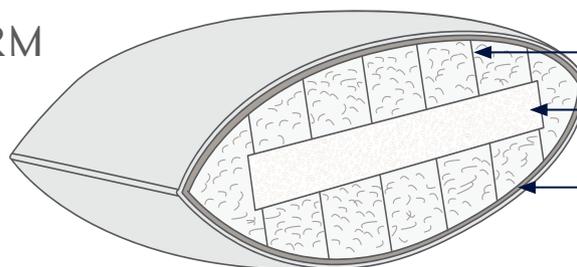

- Channeled Polyester Filled Pillow Top
- High Density Premier Foam
- Woven Water Resistant Jacket

DREAM CLOUD FIRM CUSHIONS

Dream Cloud™ Firm Cushions by Summer Classics offer high density premier foam core and a non woven channeled ticking jacket to speed drying time. Our plush, ultra-dense, Trillium Cloud cushion offers optimal comfort as it mimics the characteristics of natural down, but is entirely hypoallergenic.

- Trillium Fiber
- High Density Premier Foam Core
- Non-Woven Channeled Ticking Jacket
